YOUNGMAN (INDIA)

Manufacturer & Exporter of
Threaded Rods, Bolts & Nuts, Scaffolding Accessories,
Strut Support System, Etc.

Leading Fasteners manufacturing
Company SINCE 1994

Company Profile

We are the leading Fasteners Manufacturers Since 1994, Fasteners Suppliers & Fasteners Exporters based in Ludhiana (India). We maintain Quality of our products as well as cost. We never compromise with products in relation to quality as quality products are our company's back bone. We provide very competitive rates to our reputed customers with 100% customer satisfaction. All the products, manufactured by us, are as per British standard, Indian standard, DIN standard, etc. With a solid reputation for quality, service and reliability, we have scaled the heights of success. We believe in continuous up gradation our manufacturing techniques and embracing the latest technology to enhance the product quality.

We are manufacturing and exporting a wide range of fasteners confirming rigid International Standards such as DIN, ASTM, BS, ANSI, etc. as well as customized requirements. We work with Renewable Energy, Power, Rail, Tunnelling, Wind, OEM markets, Oil and Gas Sectors, Transmission Towers, etc. With our vast knowledge and expertise, we allow us to meet and satisfy our consumers' needs, ranging from automotive to civil engineering sectors. We have trusted logistical partners who help us to deliver our products.

We are passionate for making **quality products**

Quality Assurance

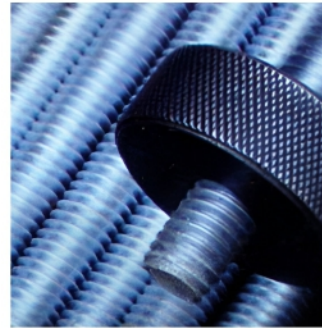

We, at Youngman Group - An ISO 9001:2015 Certified Company, are committed to increased satisfaction of our customers, suppliers and employees through continual improvement of our Quality Management System. Youngman Group is proud to be a symbol of best quality and state of the art technology in the industry.

Infrastructure

In house manufacturing facilities & testing equipments

We are backed by scientifically developed infrastructure for manufactured superior quality industrial fasteners. Further, we have compartmentalized our large infrastructure into various departments such as production unit, quality control unit, R & D unit and many more in order to complete bulk orders of the customers within the given frame of time. All the units are equipped with the latest machinery and advanced technology. Time to time we make required changes in the infrastructure, to match with the latest development in the market. Some of the machines which are used for manufacturing quality products are:

- Threaded Rods Mfg. Plant
- Automatic Zinc Plant
- Automatic Wire Drawing Plant
- Automatic Tapping Machines
- Turned Components Machines
- Heat Treatment Plant
- Automatic Nut Formers
- Automatic Bolt Formers
- Press Shop for Fabrication

Threaded Rods (As per DIN 975 / 976)

- ✓ **DIAMETER**
M5 to M60 (3/16" to 2.5")
- ✓ **STOCK RANGE AVAILABLE**
1 Mtr., 2 Mtr., 3 Mtr.
3 Ft., 6 ft., 10 Ft., 12 Ft.
- ✓ **GRADES**
4.6, 4.8, 5.6, 6.6, 8.8, A307, A25 or
as per customer's specification.
- ✓ **THREADS**
MM, BSW, BSF, UNC
- ✓ **FINISH**
Plain, Electro Zinc Plated, Mechanical Galvanizing,
Hot Dip Galvanizing, Auto Black, Etc.
